

CAMP DAGGETT

A tradition since 1925 of providing quality character building experiences through educational and recreational programs in a safe, fun environment; serving all ages with an emphasis on youth.

October 18, 2018

Dear Friends of Camp Daggett:

Did you attend Camp Daggett, or did your children and/or grandchildren? It's quite possible that all of you did! We often hear this from folks we see in the community, at events we participate in and when they attend activities hosted at or by Camp Daggett.

Camp Daggett has been serving our communities since 1925. Over the course of those 93 years, we have been able to maintain our programs and facilities by staying relevant to the needs of our communities and by listening to individuals like you.

We have grown from a summer camp program for boys to an eight-week co-ed summer camp program and year-round programming through the Camp Daggett Adventure Center (CDAC). In addition, a number of other organizations use our facilities and programs annually. Organizations such as scouting groups, churches, college and high school athletic teams, youth-serving groups and even corporations and businesses enjoy Camp Daggett as a retreat center or to participate in leadership and team-building activities.

Through the years, Camp Daggett has not only evolved in the areas of programming, but also professionally through its high quality staff and by expanding, improving and maintaining its facilities and grounds. The facilities have retained the character of Camp Daggett since its inception, yet also have been improved through good stewardship provided both by the trustees and staff. Recent additions to operations and programming include the establishment of an erosion control program and an extensive recycling program, both of which contribute to maintaining and improving the environment.

In order to continue to grow and stay relevant (yet also remain true to our roots and what you remember as a camper or a program participant), we need your continued support for general operation. Camp Daggett would not exist if it was not for the support of individuals like you who have helped us in the past. Your generosity today will be an investment to ensure a better tomorrow for all those that seek to continue the legacy of Camp Daggett.

Thank you in advance for your time and consideration. To keep you informed of the happenings at Camp Daggett, you may want to receive our monthly E-Newsletter. If so, please provide us with your email address.

Most Sincerely,

Justin Weisler, President
Board of Trustees
